13 risks for the execution of the actual construction and/or time of  
14 performance, and the owner contracts directly with those awarded  
15 trade contracts for the work;

16 2. "At-risk construction management" means the construction  
17 entity, after providing agency services during the preconstruction  
18 period:

- 19 a. takes on the financial obligation to timely carry out  
20 construction under a specified cost agreement, and
- 21 b. enters into written subcontracts for the work in  
22 accordance with the Construction Management Procedures  
23 for Political Subdivisions;

24

1 3. "Construction management" means a public construction  
2 project delivery method based on an agreement whereby the owner

5 scheduling, cost control, value engineering, constructability  
6 evaluation, preparation and coordination of bid packages and

15 exercising their authority to contract for public construction  
16 delivery services. The term also applies to quasi-governmental and  
17 nongovernmental organizations delivering construction services using  
18 public funds or on behalf of a political subdivision.

19 SECTION 8. NEW LAW A new section of law to be codified  
20 in the Oklahoma Statutes as Section 217 of Title 61, unless there is  
21 created a duplication in numbering, reads as follows:

22 A. Construction managers shall be selected by the political  
23 subdivision following the requirements set forth in subsection K of  
24 Section 62 of Title 61 of the Oklahoma Statutes.

1 B. A written contract between the political subdivision and the  
2 construction manager shall set forth the obligations of the parties,  
3 which, at a minimum, shall include the construction manager's scope  
4 of services, fees and expenses, as follows:

5 1. A construction management fee, which may be based on a  
6 percentage of the construction cost or as defined in the contract;

7 2. The cost or basis of cost expenses incurred by the  
8 construction manager to be reimbursed by the subdivision for normal  
9 general conditions and general requirements necessary for the work  
10 but not applicable to a particular subcontractor, trade contractor  
11 or supplier; and

12 3. Other project-related expenses as set forth in the contract.

13 C. The procedures for awarding work under agency construction  
14 management are as follows:

15 1. The construction manager, with the advice of the design  
16 consultant and subdivision, will develop individual bid packages for  
17 public bidding;

18 2. Public bidding on individual bid packages will comply with  
19 the requirements of the Public Competitive Bidding Act;

20 3. The construction manager shall evaluate all bids and  
21 recommend the lowest responsible bidder to the subdivision, who  
22 shall accept or reject the bids. The construction manager may  
23 assist the subdivision with the preparation of contracts and the  
24

1 receipt of insurance and bonds as required for public construction  
2 contracts by state law;

3 4. After trade contracts are awarded, the construction manager  
4 will perform contract administrative services as set forth in the  
5 agreement and may assist the subdivision with the review and  
6 processing of progress and final payments to the subcontractors.  
7 However, under no circumstances shall construction managers receive  
8 funds from subdivisions for payments of trade contractors;

9 5. The owner shall pay all trade contractors as required by the  
10 Fair Pay for Construction Act; and

11 6. Contracts awarded under an agency construction management  
12 delivery system shall not be modified such to permit the assignment  
13 of subcontracts and/or trade packages to the construction manager.

14 D. The procedures for awarding work under at-risk construction  
15 management are as follows:

16 1. The construction manager, with the advice of the design  
17 consultant and subdivision, will develop individual bid packages for  
18 public bidding;

19 2. Whenever the estimated cost of the contract exceeds Fifty  
20 Thousand Dollars (\$50,000.00) bid packages shall be let and awarded  
21 pursuant to the Public Competitive Bidding Act of 1974 and this  
22 section;

23 3. Bid packages with a value less than or equal to Fifty  
24 Thousand Dollars (\$50,000.00) may be awarded by the political

1 subdivision based on written comparative quotes. Bid packages with  
2 a value less than or equal to Twenty-five Thousand Dollars  
3 (\$25,000.00) may be awarded by the political subdivision to any  
4 qualified vendor;

5 4. Once the bids are accepted by the construction manager and  
6 awards made by the subdivision and the subdivision indicates its  
7 bonding preference, as noted below, but before written agreements  
8 are executed, the construction manager will prepare a guaranteed  
9 maximum price (GMP) for the project or relevant portion of the work,  
10 as an amendment to the contract. After the subdivision approves the  
11 construction manager's GMP amendment, the construction manager shall  
12 enter into written subcontractor and supplies agreements for the  
13 work previously awarded by the subdivision. Upon receiving a notice  
14 to proceed with the work from the subdivision or its designee, the  
15 subdivision shall have the option, but not mandate, to require the  
16 construction manager to provide performance, payment and maintenance  
17 bonds, or any combination, in an amount equal to one hundred percent  
18 (100%) of the value of the work, excluding the construction  
19 manager's fee, general conditions, reimbursements and insurances.  
20 "Payment bond", "performance bond" and "maintenance bond", as used  
21 herein, mean and refer to those bonds as defined in the Public  
22 Competitive Bidding Act of 1974;

23 5. The construction manager may require bonds from  
24 subcontractors or suppliers in an amount equal to one hundred

1 percent (100%) of the value of their bid packages for subcontractors  
2 or suppliers not subject to bonding requirements of the Public  
3 Competitive Bidding Act of 1974. In such cases, the bonding  
4 requirements shall be set forth in the bidding documents;

5 6. The construction manager's work performed under this section  
6 may be on a lump-sum basis and subject to the change order  
7 limitations for a public construction contract as set forth in the  
8 Public Competitive Bidding Act of 1974 or may be performed under a  
9 cost-plus basis as determined by the subdivision;

10 7. The subdivision may withhold retainage from the construction  
11 manager's progress pay applications as set forth in the Public  
12 Competitive Bidding Act of 1974. The owner shall pay the  
13 construction manager as required by the Fair Pay for Construction  
14 Act; and

15 8. If a construction manager at-risk wishes to self-perform  
16 portions of the work to be performed, it may do so, provided the  
17 construction manager at-risk competitively bids the work under the  
18 same terms and conditions as the other bidders and the construction  
19 manager at-risk is the lowest responsible bidder for the work scope  
20 on which the bid was submitted.

21 E. When bids for a public construction project have been  
22 received from general contractors pursuant to the Public Competitive  
23 Bidding Act of 1974 and the lowest responsible bid is within the  
24 subdivision's available funding, the subdivision shall not reject

1 all bids and subsequently award the project to a construction  
2 manager.
