**Potential Costs to Contract
With Third Party**

Fiscal Analysis

The measure includes permissive language that provides that the Incentive Evaluation Commission (IEC) may contract with a third party to assist with the systematic evaluation of the Oklahoma tax structure. Provision is made for the development of a scope of services for a request for proposals (RFP) for professional services that may be necessary.

The cost of the contracted services cannot reliably be determined until the scope of services is identified and the solicitation of the RFP is prepared.
