Research Analysis

HB1230 relates to the Lindsey Nicole Henry (LNH) Scholarships for Students with Disabilities Program. The measure requires the State Department of Education (SDE) to list on its website all associations it has approved to accredit private schools in the LNH program.

Once the SDE approves a private school to be a part of the LNH program, HB1230 requires the SDE to list on its website all information and material submitted by the private school with its application and all material considered by the SDE in making its eligibility determination. The measure also requires the SDE to post on its website the annual compliance statement for each participating private school.

Furthermore, HB1230 requires the SDE to annually prepare and post to its website a report of the LNH program, and include specific information.
