Research Analysis

The PCS for HB 2610 requires the Oklahoma Commission on Children and Youth (OCCY) to adopt rules regarding the training and responsibilities of child abuse medical examiners. The measure also requires, subject to the availability of funding, the Director of the Bureau of Vital Statistics to forward information regarding a child death within 72 hours to OCCY. The Commission will submit the information for a child maltreatment medical review, the results of which will be reported to DHS, law enforcement and the local child advocacy center or child abuse multidisciplinary team.
