Bill Analysis

SB 1096 requires school districts to provide notice to the parents or guardians of a student if the student is in a class that is taught by a teacher that received an emergency teaching certification or is participating in the Teach for America Program with a nonrenewable certificate. The notification must be provided via U.S. mail or email. The notification shall contain the name of the teacher, the subject taught by the teacher, and the grades being taught by the teacher. The provisions of this measure shall apply to the 2020-2021 school year and each subsequent school year.
