1st Session of the 57th Legislature

Bill No.:	SB 225
Version:	FS1
Request No.:	2031
Author:	Sen. Bice
Date:	03/05/2019

Floor Substitute (FS)

The FS for SB 225 limits the surface between the rails to three feet either side of the outer-most rail in the crossing surface or two feet on either side of the outer-most rail if the crossing is located within the limits of a municipality. The FS clarifies that this measure shall not alter the legal liability of counties and other governmental entities for road maintenance.
