

Bill Summary
1st Session of the 57th Legislature

Bill No.:	SB 48
Version:	INT
Request No.:	611
Author:	Sen. Standridge
Date:	12/12/2018

Bill Analysis

SB 48 authorizes students to self-administer replacement pancreatic enzymes for the purpose of treating cystic fibrosis. The measure also adds prescribed replacement pancreatic enzymes to the definition of “medication” and authorizes students with a valid prescription to possess replacement pancreatic enzymes.

Prepared by: Kalen Taylor

Fiscal Analysis

Impact: None

This bill allows for the self-administration of replacement pancreatic enzymes by a student for treatment of cystic fibrosis, provided the parent or guardian of the student has provided a written authorization.
