

Bill Summary
1st Session of the 57th Legislature

Bill No.:	SB 658
Version:	CS1
Request No.:	1877
Author:	Sen. Weaver
Date:	02/25/2019

Committee Substitute (CS)

The CS for SB 658 removes the population requirements for a municipality or county to create and maintain its own basic law enforcement academy. The creation and maintenance of the academy is still subject to the Council on Law Enforcement Education and Training's approval. The Council is limited to approving two academies per year.

Fiscal Analysis

FY'20 Impact: See comments

Full Year Impact: See comments

The need for additional personnel to provide oversight to newly approved academies is possible. However, it is unlikely that a large number of counties and municipalities would have the appropriate resources, both facilities and personnel, to conduct an ongoing basic academy.
