- 12 7. Permitting or causing the pollution of a fresh water strata
13 or basin through any act which will permit fresh groundwater
14 polluted by minerals or other waste to filter or otherwise intrude
15 into such a basin or subbasin. The Board shall be precluded from
16 determining whether waste by pollution will occur pursuant to the
17 provisions of this paragraph if the activity for which the applicant
18 or water user intends to or has used the water as specified under
19 Section 1020.9 of this title is required to comply with rules and

13 steps to assure that the waste ceases. Such steps shall include but
14 shall not be limited to pursuing voluntary compliance, obtaining the
15 issuance of a cease and desist order by the Executive Director,
16 instituting action in a court of competent jurisdiction to enjoin
17 the waste, pursuing a suspension of any permit or other

7 is created a duplication in numbering, reads as follows:

8 A. The ability to take and use marginal water has the potential
9 to augment water supply in many areas of Oklahoma. Therefore, the
10 taking and use of marginal water in accordance with the Oklahoma
11 Groundwater Law and the rules of the Oklahoma Water Resources Board
12 shall be considered a beneficial use and not waste. Except as
13 provided for this in section and Sections 1020.15 and 1020.16 of
14 Title 82 of the Oklahoma Statutes, the provisions of this act shall
15 not apply to the taking and use of marginal water.

16 B. The Oklahoma Water Resources Board shall promulgate and
17 implement rules for the taking and use of marginal water, including
18 the well construction standards, well spacing, and water use
19 reporting. Rules related to well construction standards shall
20 ensure that the taking and use of marginal water shall not impair
21 any fresh water basins, and shall include, but not be limited to,
22 the rate of withdrawal, the level of perforating and the level of
23 sealing the well.

24

1 C. Any use of marginal water under this section is in addition
2 to any domestic use authorized under Section 1020.3 of Title 82 of
3 the Oklahoma Statutes or any other use authorized pursuant to a
4 permit issued under Section 1020.11 of Title 82 of the Oklahoma
5 Statutes.
