Research Analysis

The committee substitute to HB 3892 requires an Advanced Practice Registered Nurse in the role of Certified Nurse Practitioner, Certified Nurse-midwife, or Clinical Nurse Specialist to be responsible for the delegation and supervision of nursing tasks to unlicensed personnel. Nursing tasks that may be assigned to unlicensed personnel are required to be stated in the employer's policies and the employer is required to verify the training of the personnel and competencies to perform the tasks.

The CS specifies that a person qualified by the State Department of Health as a certified nurse aide is required to comply with the orders of this act.
