

Bill Summary
1st Session of the 58th Legislature

Bill No.:	HB 1008
Version:	ENGR
Request No.:	
Author:	Sen. Garvin
Date:	03/19/2021

Bill Analysis

HB 1008 creates medical-legal partnership programs between health care providers and organizations that provide legal services to indigent persons. The measure requires collaboration between the State Department of Health and entities outlined in the measure to develop standards and guidelines for medical-legal partnership programs and authorizes the State Department of Health to approve medical-legal partnership programs that are compliant with standards and guidelines established for such programs. The measure outlines the eligible organizations authorized to operate a medical-legal partnership program.
