Research Analysis

The second proposed committee substitute for HB1791 gives Oklahoma Health Care Authority liens priority against any third party liability settlement proceeds unless there is also a Medicare lien on file. The measure allows OHCA to further negotiate lien reductions when the injured party, the personal representative or attorney has made a good faith effort to do so. The measure also prohibits providers from requiring subrogation rights against any possible liable third party as a condition of care. Lastly, the measure provides a formula to compute the amount a payor can recover from third party liability settlement proceeds.
