

BILL SUMMARY
2nd Session of the 59th Legislature

Bill No.:	HB 3827
Version:	INT
Request Number:	9304
Author:	Rep. Alonso-Sandoval
Date:	2/19/2024
Impact:	No Impact

Research Analysis

HB 3827, as introduced, requires the State Department of Education (SDE) to provide professional development for teachers on artificial intelligence (AI) tools and methodologies. The SDE must also introduce AI curriculum that provides age-appropriate education modules emphasizing technical and nontechnical skills and encourages project-based learning with AI tools. The professional development and curriculum must be implemented for the 2025-2026 school year. The measure also creates the Oklahoma Artificial Intelligence Revolving Fund to purchase AI resources and provide corresponding assistance to schools.

Prepared By: Autumn Mathews

Fiscal Analysis

As written, the measure does not stipulate where the necessary course materials should be procured. As such, there are multiple vendors where these materials can be sourced at no cost, therefore the measure is not expected to result in a negative fiscal impact.

Prepared By: Cole Stout, House Fiscal Staff

Other Considerations

None.
