<b>Date:</b>	<b>5/23/2024</b>
<b>Impact:</b>	<b>Please see previous summary of this measure</b>

**Research Analysis**

The conference committee report for SB 526 requires school mapping data to be compatible with software used by public safety agencies and the school without additional costs. Data must also be printable and digital, accurate according to on-site inspections, and labeled for structures, grounds, and coordinates. It should align with true north and overlay aerial imagery. Data may not be independently modified without corresponding updates to public safety agency software.
