

Bill Summary
2nd Session of the 59th Legislature

Bill No.:	HB 2152
Version:	CS
Request No.:	3566
Author:	Sen. Dossett
Date:	04/08/2024

Bill Analysis

HB 2152 reduces the membership of the Maternal Mortality Review Committee from 25 to 11 members. Additionally, the measure requires hospitals and birthing centers to make a reasonable and good-faith effort to report each maternal death to the Office of the Chief Medical Examiner within 72 hours of it occurring. The measure authorizes the Examiner to share records, documents, evidence, or other material of any nature with the Maternal Mortality Review Committee.
