**Bill Analysis**

SB 1005 directs each licensed hospital to develop and enforce a written policy for the billing of hospital services and supplies. The policy shall include period reviews of itemized statements and procedures to handle complaints. The itemized statement must contain the information outlined in the measure, including the amounts charged for each service and a section on hospital payments and adjustments. The statement shall also be provided to third-party payors who are actually or potentially responsible for paying all or part of the billed services upon request.
