

Bill Summary
1st Session of the 60th Legislature

Bill No.:	SB 252
Version:	INT
Request No.	723
Author:	Sen. Standridge
Date:	01/02/2025

Bill Analysis

SB 252 directs the Oklahoma Health Care Authority to cover prescription drugs using a fee-for-service delivery model after receiving federal approval. Medicaid members shall be transitioned away from contracted entities to direct coverage by the Authority. The Authority shall be authorized to implement value-based payment arrangements with Medicaid providers and cost-saving measures for prescription drug services. The Authority is also authorized to contract with a pharmacy benefits administrator to administer claims and perform other administrative functions.
