

Bill Summary
1st Session of the 60th Legislature

Bill No.:	SB 264
Version:	INT
Request No.	1025
Author:	Sen. Mann
Date:	01/02/2025

Bill Analysis

SB 264 directs the Corporation Commission to coordinate with the Office of Management and Enterprise Services and Oklahoma One-Call System to establish a GIS-based web service application that supports public works projects, utility planning, and infrastructure coordination. The service shall be voluntary and free-of-charge. The measure directs the Commission to solicit public comment from potential public works participants and to contract with an outside entity to build the application.
