Bill Analysis

SB 558 authorizes any person in possession of a valid handgun license to carry a concealed handgun into or upon any public college, university, or technology center school building or property. Any person who does not possess a valid handgun license may be prevented from carrying a firearm on campus. Additionally, such entities may prevent carrying a firearm into any event venue where a ticket of monetary value is required for entry. The measure provides such entities with immunity from liability for complying with the provisions of this measure.
