Bill Analysis

SB 65 requires manufacturers, distributors, dispensers, and prescribers of controlled dangerous substances as well as group homes that possess controlled dangerous substances to destroy all such substances that are out of date instead of submitting such substances to the Oklahoma State Bureau of Investigation for destruction. The measure also strikes language requiring the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control to have a site in each county with a population greater than or equal to 400,000.
