

Bill Summary
1st Session of the 60th Legislature

Bill No.:	SB 920
Version:	INT
Request No.	436
Author:	Sen. Rosino
Date:	01/22/2025

Bill Analysis

SB 920 defines heliport, VTOL aircraft, and vertiport as they relate to aerospace infrastructure. The measure requires any person erecting or altering a structure within 1-nautical mile of a heliport or vertiport to secure a permit. The measure directs the clearinghouse within the Oklahoma Department of Aerospace to develop a statewide network of UAS and AAM detection systems as well as statewide or regional command, control, and radar systems.
