5 if they decide not to undergo a particular medical procedure.

6 SECTION 7. NEW LAW A new section of law to be codified

15 A. The Legislature finds that artificial intelligence (AI) has  
16 the potential to be of much benefit to the citizenry. Potential  
17 problems in the application of AI, however, do not stem around the  
18 concept of AI but rather the programming of any AI function,  
19 otherwise known as the human element.

20 B. The Legislature finds that the fight over the control and  
21 use of AI and its direction will affect every aspect of citizen  
22 interaction within society. It encapsulates more than just AI. It  
23 also encapsulates biotechnology and higher forms of AI that drive to  
24 the singularity.

1 C. The Legislature finds that, in order to protect the  
2 unalienable rights of all citizens, some restrictions must be  
3 identified to ensure that their freedoms, privacy, and liberty are  
4 fully protected.

5 D. AI and other related biotechnology shall not be used to  
6 discriminate based on race, ethnicity, sex, gender, age, political

13 to:

14 1. Determine who shall live and who shall die in any life

16 2. Determine who shall or shall not receive medical care or the  
17 level of such care;

18 3. Determine who shall or shall not receive insurance coverage  
19 and the amount of such coverage;

20 4. Replace a citizen worker unless a citizen worker of equal  
21 value is employed elsewhere within the state as an offset. Equal  
22 value shall be determined by calculating the worth of an employee's  
23 salary, full- or part-time status, and benefits. Any worker  
24

1 replaced by AI shall receive six (6) months' pay and a benefits  
2 package in the same amounts as provided prior to replacement;

3 5. Monitor the habits of or determine any decisions in a court  
4 of law; and

5 6. Determine outcomes in all forms of gambling within state  
6 boundaries.

7 B. Government, business, financial institutions, or any agent  
8 representing such shall not use citizen tax dollars, savings, or  
9 pension funds to fund any AI or biotechnology application without  
10 prior individual written approval or a majority vote of the  
11 citizenry of this state.

12 C. Government, business, financial institutions, or any agent  
13 representing such shall notify the citizenry of this state in  
14 writing within ninety (90) days after the effective date of this act

17 implementation.

20 there is created a duplication in numbering, reads as follows:

21 Should government, business, financial institutions, or any  
22 agent representing such violate any of the provisions of this act,  
23 such entity or individual may be held liable for such violation by a  
24 court of competent jurisdiction. Such entity or individual

1 violating the provisions of this act may show immediate just cause  
2 for such violation to a court of competent jurisdiction. Such  
3 entity or individual found guilty of violating the provisions of  
4 this act shall pay for any legal fees for citizens affected by such  
5 violation, even prior to final judgment. Such entity or individual  
6 found guilty of violating the provisions of this act shall be  
7 responsible for the payment of restitution and any penalties as  
8 shall be determined by a court of competent jurisdiction.

9 SECTION 12. It being immediately necessary for the preservation  
10 of the public peace, health or safety, an emergency is hereby  
11 declared to exist, by reason whereof this act shall take effect and  
12 be in full force from and after its passage and approval.
