

**BILL SUMMARY**  
1<sup>st</sup> Session of the 60<sup>th</sup> Legislature

<b>Bill No.:</b>	<b>HB2155</b>
<b>Version:</b>	<b>Introduced</b>
<b>Request Number:</b>	<b>11604</b>
<b>Author:</b>	<b>Rep. Dobrinski</b>
<b>Date:</b>	<b>2/4/2025</b>
<b>Impact:</b>	<b>\$200,000 in Recurring Costs</b> <b>\$50,000 in One-Time Costs</b>

**Research Analysis**

HB 2155, as introduced, directs the Corporation Commission to promulgate rules for the permitting and regulation of renewable energy facilities in the state. The rules must also include a process for notifying local landowners of any new facilities and for collecting complaints about facility operators. Pre-existing facilities or facilities under construction must obtain a permit by January 1, 2026. Lastly, the measure authorizes the Commission to fine operators for rule violations.

Prepared By: Emily Byrne

**Fiscal Analysis**

HB 2155 directs the Corporation Commission to promulgate rules governing the operations of renewable energy facilities. This includes required permitting and implementing a complain system against any facility operator. Per the Corporation Commission, the estimated recurring annual costs related to permit processing and rule promulgation are Two Hundred Thousand Dollars (\$200,000) as well as approximately Fifty Thousand Dollars (\$50,000) in one-time costs.

Prepared By: Jay St Clair, House Fiscal Staff

**Other Considerations**

None.
