Bill Analysis

SB 708 authorizes the board of directors for 2 or more bordering fire protection districts to consolidate into a single district. The measure provides that such boards shall develop a plan for the consolidation, including determining the milage levy of the proposed district. The board of directors shall present the plan with a resolution for consolidation to the board of county commissioners of any involved counties for their approval. The board of county commissioners shall consider the plan 20-40 days after the presentation. If the board of county commissioners approves the plan, an election shall be called to vote on the proposed consolidation.
