Bill Analysis

SB 865 creates the Oklahoma Public Safety and Immigration Enforcement Act. The measure directs the Office of Management and Enterprise Services to develop a Secure Interagency Collaboration Platform to facilitate real-time communication and data sharing among law enforcement, the Department of Corrections, and federal immigration authorities. The measure directs law enforcement agencies to report the arrest of any individual suspected of being an unauthorized immigrant. The Department of Corrections shall screen any individual that enters a state correctional facility to identify an unauthorized immigrant. Federal authorities are directed to prioritize cooperation with agencies of this state to expedite deportation proceedings. The measure subjects any agency that fails to comply with the provisions of this measure to an administrative penalty as determined by the Office.
