**Bill Summary and
Fiscal Analysis:**

SB 130 directs the Corporation Commission to submit a requisition to contract with an outside firm to conduct a technical and legal feasibility study on nuclear energy generation within 30 days of the effective date and appropriates \$375,000 to the Commission to perform the study.

The Corporation Commission estimates the proposal will have an approximate fiscal impact of \$500,000 because they believe the cost of an outside consultant and experts will exceed the current appropriation.
